

A WORD FROM COLIN

Dear customers or should we say friends, as I have grown to know and in some cases personally meet or chat to over the past 10 years.

Having now reached the age of 60 (I tell everyone I'm 40+VAT) and suffered recent health issues, I have taken the decision to retire from the Canine Nutrition business and the Dog Training to spend some valuable and precious time with my lovely wife and our rescue Lab Brodie.

I would like to take this opportunity to thank you all for your custom and to say thank you to those of you who were kind enough to send me the 'Get Well Soon' cards.

The business is passing on to my niece Emily and her husband Henrik, so I'm really pleased it is staying with our close family and I will be able to do some hand holding while they get to know the ropes! I will be available for nutritional advice if the need arises.

It is great to see new blood with new ideas taking this small but successful business forward onto the next stage of development. You will see from this newsletter content that they are keen to innovate and put their stamp on the Healthy K9 brand with new exciting products and offers on show but still maintaining the quality of goods we have become associated with.

Kind regards,
Colin, Kath & Brodie

A WORD FROM EMILY & HENRIK

We would like to say a huge thank you to Uncle Colin for this wonderful opportunity. We've already met a lot of our customers by working in the shop over the past month and thank them for welcoming us. We will strive to maintain the fantastic service that Uncle Colin and Auntie Kath have provided over the years.

As you will probably have guessed by reading this newsletter, we will now be known as **Healthy Pet Naturals**. We have already begun branching out into grain free cat food, so thought that this name change would be more relevant.

The shop will remain at **222 Belper Road, Stanley Common**, where we will be stocking our popular grain free food and delicious treats for our furry friends, however the opening hours will be changing slightly (information can be found on the back page). The land line number will be disappearing, but the mobile will remain the same **07753 679689**.

We look forward to meeting more of our customers over the coming months.

Emily & Henrik

SPOTLIGHT ON... SUPPLEMENTS

GRIZZLY WILD ALASKAN SALMON OIL

The Ultimate Omega 3 Source.

Grizzly Salmon Oil is derived only from wild Alaskan Salmon. The salmon oil naturally retains its balanced blend of valuable fatty acids and is further protected by adding all-natural Rosemary Extract.

Daily supplements of Grizzly Salmon Oil will support the overall health of your dog. The first noticeable result being healthy skin and a shiny coat! The omega-3 fatty acids also help counteract negative effects of allergic dermatitis by producing specific eicosanoids, which are known to reduce and control skin inflammations.

Available in store and online | 500ml £15.00 | 1ltr £23.00

SEAGREENS PET GRANULES

Seagreens® PET GRANULES are made from one of nature's most nutritious foods - quality wild seaweed. Nothing added and nothing extracted, just 100% pure air-dried grains of seaweed sustainably harvested and produced in Scotland.

These easily digested granules are great balancers of your pet's nutritional profile by regulating metabolism, strengthening immunity and vitality, as well as supporting the mineral balance in performance (particularly helpful in animals with poor skin and coat quality).

Just add half a teaspoon to your dog's food, or a quarter of a teaspoon to your cat's food to ensure that your pet gets all of the vital minerals and vitamins it needs to stay in optimum health from a natural food source.

Available in store and online | 100g £12.95

PROFLAX FLAXSEED OIL WELLBEING AND VITALITY

Proflax Natural Wellbeing & Vitality consists of cold pressed flax oil and a vet approved formula of 7 active herbal extracts. This highly nutritious superfood supplement will help to keep your dog in tip top condition and specifically supports immune, digestive, brain and heart functions and helps calm anxious or nervous dogs. Bursting with minerals, protein and fibre this delicious supplement is offered in an easy to feed liquid that when used regularly, completes a balanced feeding plan.

Available in store and online | 250ml £12.50 | 500ml £22.50

*Any supplement should be added to your dog's preferred daily feed

Here at Healthy Pet Naturals, we aren't afraid of trying something new. That's why we've roped in some of our regulars to try out some of our delicious new treats!

This issue's products are from Green and Wild's range of treats. Green and Wild's is an incredibly successful company producing natural, healthy products that our furry friends are going crazy for. Their mission is to 'bring good healthy food, chews, treats and snacks to pets' across the UK, a mantra that we also share here at Healthy Pet Naturals.

GREEN AND WILD'S CAMEL HIDE CHEWS

What are the facts?

These treats may sound a bit odd but they are 100% natural chews, hypoallergenic, gluten free and packed with flavour. Being a tougher kind of chew means that they help support healthy teeth and gums, along with strengthening jaw muscles! And who knew camel was such a great source of protein?! Made from 100% camel, simply dried with nothing nasty, Green and Wild's Camel Hide Chews are a great alternative for dogs that suffer from food allergies and intolerances.

Who's giving it a try?

Lucy and Finn from Kent

What's the verdict?

"The appeal of these treats is that they are 100% natural. Although Finn doesn't have allergies, it is great to know he can chomp on these without eating something with lots of additives. They're long lasting and give his mouth and teeth a good workout too. We will definitely be getting them again as Finn loved them!"

Available in store and online | 100g £4.99

GREEN AND WILD'S LUCKY DUCKIES

What are the facts?

These iron rich chews are full of amino acids which helps support strong muscles. Made with 100% natural ingredients you can be rest assured that there are no added nasties, giving you the piece of mind that your dog is being given an incredibly healthy treat.

Who's giving it a try?

Jess and Hugo from Derbyshire

What's the verdict?

"Hugo really loved his Green and Wilds Lucky Duckies treats. It's so reassuring to see him get so excited about a treat that I know is made with high quality ingredients, full of natural goodness and no nasty additives! I would recommend this tasty snack to any dog owner looking to spoil their fur baby."

Available in store and online | 100g £4.99

Make the most of 10% off both these items until 30th June 2018. Simply visit us in store or order online.

NOW STOCKING CAT FOOD

Due to the success of our grain free range for dogs, we are excited to announce that we're now stocking a range of grain free food specifically designed for our feline friends.

Containing a high percentage of meat and fish, our grain free cat kibble is of the same quality as our current range, but tailored to your cat's nutritional needs.

We currently stock three different kibbles packed with flavour and with no hidden nasties.

ADULT - SALMON, SWEET POTATO & VEGETABLES

ADULT - TURKEY, SWEET POTATO & CRANBERRY

KITTEN - CHICKEN, SALMON & SWEET POTATO

2kg | £14.00

SOCIAL MEDIA

Due to our name change, our social media profiles will be undergoing some modifications. We will be editing our Facebook page from 'Healthy K9' to 'Healthy Pet Naturals.' Our existing followers will still be able to view our profile without having to follow a new page. If you haven't already 'liked' our page just one click will bring you all the latest news and competitions from the team at Healthy Pet Naturals.

As well as updating our Facebook page, we will be launching our Instagram account this month. To see what we're up to and for chances to become involved in reviewing our products or for a chance to win some fantastic prizes please follow us **@HealthyPetNaturals**. We'd love to see any pictures you'd like to share of your pets so please don't hesitate to tag us **@healthypetnaturals** or use the hashtag **#healthypetnaturals**
